GAS SUPPLY

BJ Howes Metaland is a local family owned business that has been supplying gas to Central Coast businesses for over 35 years.

MAKE BJ HOWES YOUR FIRST CHOICE FOR GAS

BJ Howes can supply the full range of Coregas Industrial Gases, for all applications, including welding, cutting, forklift, laser, medical and hospitality gases. From common gases such as Oxygen and Nitrogen to the rarest of gases such as Krypton. We can provide these gases in C, D, E, G size individual cylinders, or 6 and 12 packs or even bulk vessels. We will work with you to tailor a gas package that best fits your needs, reducing labour costs, cylinder handling, increasing safety and providing the best possible gas for your application.

BJ Howes offers same day delivery for all orders placed by 8.30am that day, so there is no need to have extra cylinders stored or getting in the way in case you run out, or because you only get one delivery per week or even fortnight. This service also saves you paying rent on cylinders you don't need.

BJ Howes is the only gas business in northern NSW that has its own purpose built gas delivery truck and its own driver. This means we are in control of how we service you. You will receive your gas when you would like it. You receive the same delivery driver each day who can manage your gas fleet on site. This allows us to offer your business daily consistent service. BJ Howes has a fleet of 3 trucks, 4 utes and 3 commercial vans, so if you're about to run out of gas, we can have an urgent delivery too you in no time. Or if you prefer to pick up and drop off cylinders, we have handy locations at Lisarow and Charmhaven.

Coregas are the only Australian owned manufacturer of gases in Australia, so you have the guarantee that every cent you spend stays here in Australia. Other competitor gases are either German, French or Japanese owned. BJ Howes are proud to stand by an Australian owned and manufactured product.

With BJ Howes being a Central Coast family owned and operated business, you have the knowledge that your money stays here on the Coast. BJ Howes supports a number of local community charities and organisations, such as the Westpac Rescue Helicopter Service, Central Coast Junior and Senior Rugby League, local Primary and High Schools and contributes 10's of 1000's of dollars into the community every year.
